Our File No: 2015

Dear Mr. Winkler:

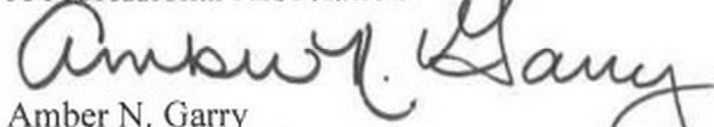

Thank you for your work on behalf of my law firm in providing an expert opinion on the issue of occupational options and wage loss in a medical malpractice case. Your report was instrumental in being able to defend the wage loss claim and provided us with valuable information regarding the German labor market that was necessary in defending this case.

Your work was of very high quality and very much appreciated. It was a pleasure to partner with you and we are pleased you were able to assist us.

We thank you for your excellent work.

Very truly yours,

Lind, Jensen, Sullivan & Peterson
